Nursing is a unique profession whose primary focus is caring people to promote health; prevent illness; cure and restore health. Nursing is developing with current trends and technologies in health care system. Being a young profession, accepting the challenges of health care industry and envisioning the opportunities, it is growing and sustaining for the services of mankind. Recognizing the demand of health needs in the changing world, Gitanjali Institute of Nursing, a unit of Gitanjali group of Colleges developed to serve the society by preparing competent nurse.

: VISION :

To develop a Centre for Excellence in nursing and offer quality educational programs that are affordable, appropriate for preparing professional nurse and engage nursing faculty towards meeting the health needs of people across the country.

: MISSION :

Gitanjali Institute of Nursing is committed to provide excellent nursing education and prepare competent nurse by adequate exposure in curricular and extracurricular activities.

: ABOUT THE COLLEGE :

Considering the increasing demand of professional nurse and the emerging health issue across the country Gitanjali Institute of nursing was established in the year 2021 as a unit of Gitanjali group of Colleges. The college is recognized by the West Bengal State Nursing Council, Indian Nursing Council and affiliated to the West Bengal University of Health Sciences. The institute offer GNM and B.Sc nursing course with a standard infrastructure, well equipped laboratory facility, Hostel facility, qualified teaching faculty and disciplined environment.

: MESSAGE FROM PRINCIPAL DESK :

Health care sector is incomplete without 'care' and care is the core of nursing profession. Nurses are that group of professional who provides direct or indirect care to all groups of people to maintain their valuable wealth- 'health'. 'Health is wealth'-a universal truth. To secure health employing highest level of security is very appropriate. Based on this concept Gitanjali Institute of Nursing was developed with the Moto of 'Securing health by developing competent nurse'. The College offers General nursing and midwifery (GNM) and B.Sc nursing program. This nursing program focuses to explore and strengthen student's potentiality in curricular and extracurricular activities towards all-round development by the guidance of a competent group of faculties, specialized external teachers in a well-equipped teaching learning environment.

Accepting the challenge of digitalized world our health need is changing for which demand of competent nurse is always high throughout the world. Nurses can work in various setting like Hospital, Ambulatory care setting, Community, Health related industry, Occupational setting, Military, Railways and public sectors. They can choose any specialized areas of nursing practice and reached to the highest level of career ladder. They can practice in the role of Care provider, Educator, Manager, Researcher and Administrator.

I extend a hearty welcome on behalf of Gitanjali Institute of Nursing to the fresher who have a wish to start their career in nursing.

Mamtaz Begum
Principal, Gitanjali Institute of Nursing
